

## REC VIDEO SCRIPT

Hello, and welcome to Putnam REC's website! If you've found this website and are watching this video, you're probably fed up with the direction the country is headed in and are looking for ways your vote can make a difference.

This website has you covered, whether you're

- A Republican wanting to know what's happening with the Party and how you can get involved;
- An Independent slash 3rd party who has figured out the primaries are where your vote is strongest and your choice in candidates the greatest
- A Democrat tired of the progressive socialists agenda and thinking about switching parties
- Or not registered/never voted and need a refresher course in political terminology.

This nation is still the nation of We the People. Our collective eyes have been opened by recent events into realizing how important our right to vote and involvement in political affairs actually is. Politics may be messy but it doesn't have to be. This website intends to organize political information so shopping for a representative is as easy as shopping for a household item. Learn more about our efforts and get involved!
